

DOMAINE E de M was created in honor of Elena Maza, Nicolás Catena’s wife, for whom the family's first ever non-alcoholic wine was developed.

The *Catena Institute of Wine* was tasked by Laura Catena to carry out this creative project, combining sensory analysis knowledge, wine chemistry expertise, human panel data to find the best technology to make these wines.

## OUR PROCESS

### 1. FERMENTATION

After pressing, the juice undergoes controlled, low-temperature fermentation, which produces bubbles and fresh, aromatic profiles.

### 2. VACUUM DISTILLATION

Alcohol is removed at low temperatures, preserving the wine’s aromas, flavor, and freshness.

### 3. ROSE INFUSION

Natural rose petals are infused, adding floral aromas.

### 4. BOTTLING

The sparkling wine is bottled carefully to preserve its bubbles, freshness, and elegance.
